## SUMMARY

Final-year B.Tech student with a strong foundation in development, problem-solving, and collaboration. Passionate about delivering impactful solutions and eager to contribute to innovative teams.

## EXPERIENCE

### WhatBytes

Frontend Developer Intern

Jan 2025 - Present

Remote

- Working on a live project called Cura Care ( [curacare.in](http://curacare.in) ).
- Worked on website analytics to track user interactions on the platform using **PostHog, Google Analytics, and Facebook Pixel**.
- Worked on slot management to make it dynamic based on the bookings.

### Ministry of Electronics and Information Technology

Intern

Mar 2023 – Dec 2023, Mar 2024 – Jun 2024

Hyderabad, India

- Developed a CMS dashboard for [eDeekshaam](http://eDeekshaam), enhancing UI/UX and improving user interaction.
- Designed and implemented responsive "Important Links" and "Events" pages using React.js, boosting **cross-browser compatibility and user engagement**.
- Created four interactive educational games ("Identify Fruits," "Identify Animals," "Identify Vehicles," "Body Parts").
- Developed a user-friendly homepage for the game and worked closely with UX designers and back-end developers, ensuring seamless integration and a cohesive user experience.

## PROJECTS

### English Expressway | [Live](#) | Next.js, NextAuth.js, Tailwind CSS, MongoDB

Oct 2024

- Developed **English Expressway**, an online platform to join courses and buy ebooks to learn English.
- Integrated razorpay** for seamless payment transactions.
- Built a responsive landing page, user dashboard and admin dashboard.
- Implemented role based authentication using **NextAuth.js and JWT**.
- Successfully deployed on vercel.

### ThankQuiz | ReactJs, Redux, Bootstrap, Figma

May, 2024

- Designed and developed a fully responsive quiz web application with an intuitive and engaging UI.
- Integrated **OTP-based mobile authentication** via API, allowing users to securely log in without passwords.
- Implemented **profile completion workflows**, storing user data and quiz history for a personalized experience.
- Fetches dynamic **question banks** from a backend API powered by **OpenAI**, enabling AI-generated, category-based quizzes.
- Utilized **Redux** for seamless state management handling authentication status, quiz progress, scoring, and more.
- Ensured cross-browser compatibility and responsiveness using **Bootstrap** and custom CSS.

### Exceed Robotics | [Live](#) | HTML, CSS, JavaScript, Bootstrap, JQuery

Sep, 2023

- Designed and developed **program enrollment camps and blog pages** for "Exceed Robotics," resulting in a more intuitive user experience.
- Utilized HTML, CSS, JavaScript, and Bootstrap to create responsive, user-friendly pages.
- Collaborated with team members to ensure that all pages were optimized for speed and accessibility.

## EDUCATION

B.Tech (Lateral Entry), Computer Science | Maulana Azad National Urdu University, Hyderabad

Oct 2022 - May 2025 | CGPA: 8.66/10

Diploma in Computer Science and Engineering | Maulana Azad National Urdu University, Hyderabad

Aug 2019 - Jun 2022 | CGPA: 9.78/10
